

## RIRD Examples

Questions should only be used as a part of the RIRD intervention if the child has the verbal (or AT, or sign language) ability to answer the questions. Consider this before using the following suggested questions. Questions can also be drafted with the interests of the student in mind for a more student-centered approach.

First, say the name of the child in a calm even tone, and give eye contact if appropriate.

### General Questions:

1. What day is it today?
2. What is the weather like outside?
3. Do you have any brothers and sisters?
